Thursday 23<sup>rd</sup> March 2017

Dear parents/carers,

**RE: Year 10 Mock Exams**

To help support your child's learning in Science, the Science Department are working especially hard to prepare students for their GCSE examinations. As part of this preparation, all students will sit Edexcel's formal mock examinations, which will be sent away and externally marked by the examination board. The mock examinations will take place during normal school hours, and will take place on the following dates:

- Biology - 2<sup>nd</sup> May
- Chemistry - 3<sup>rd</sup> May
- Physics - 4<sup>th</sup> May.

To further aid the students, the Science department will be putting together a revision folder for each student. The folder will comprise the following materials:

- Revision timetable
- Overview of topics to be revised
- Revision mats for each topic to be covered
- Sample exam papers that will be set as homework to complete over the weekend

It is the responsibility of the students to make sure that they do not lose their revision folders as it is vital they have it as part of their revision for the mock examinations. Students who lose their revision folders will receive an after school detention and will have to pay £3.50 to receive a new folder as there will be large volumes of printed material contained in the folders.

We hope you can help us in supporting your child for what is an important time in their academic year and have them in the best frame of mind for their mock exams.

Yours faithfully,

Mr M. Ahmed  
Teacher of Science (Year 10 Lead)
