Dear Parents and Carers

### **Standards and Expectations**

We are very proud of our school and our students and believe that high standards and expectations give every student the very best chance of learning and achieving their very best. We feel privileged knowing that you will continue to support the school in achieving this.

We trust that you are looking forward to the summer holidays and spending time with your children. No doubt you will also purchase new school uniform items and school shoes. Before you embark on this, could you please read the attached information about school uniform, standards and expectations. Our intention is to ensure consistency amongst all students so that they return to school in September wearing the correct uniform.

We wish you all an enjoyable summer break and are looking forward to welcoming you and the students back in September.

Yours sincerely

**Ms S Darr**  
Headteacher
